Re: Notice of Safe Drinking Water Act
Enforcement Action against Sandy
Crossing Enterprises
PWS ID #WY5600112

Dear County Commissioners:

Pursuant to Section 1414(a)(2)(B) of the 1996 amendments to the Safe Drinking Water Act (SDWA), the Environmental Protection Agency (EPA) is required to notify an appropriate locally elected official of any action taken in a State that does not have primary enforcement authority for public water systems. The State of Wyoming does not have primary enforcement authority for public water systems under the SDWA.

An Administrative Order is being issued under Section 1414 of the SDWA to the owner of Sandy Crossing Enterprises located in Farson, WY. This Order requires that the public water system take measures to return to compliance with the SDWA and the National Primary Drinking Water Regulations (NPDWRs). The System is in violation of 40 C.F.R. §§ 141.23(d), 141.21, 141.201, 141.31(b), 141.21(g)(2) for: failure to monitor for nitrate; failure to monitor for total coliform bacteria; failure to provide public notice of the violations; failure to report NPDWR violations to EPA within 48 hours; and failure to report total coliform monitoring violations to EPA within 10 days of discovering the violation.

Enclosed you will find an Administrative Order (Order), which the Environmental Protection Agency (EPA) has issued under the authority of the Safe Drinking Water Act (SDWA), 42 U.S.C. Section 300f et seq. and its implementing regulations. Among other things, the Administrative Order finds that Sandy Crossing Enterprises is a public water supplier as defined by the SDWA and that you have violated the National Primary Drinking Water Regulations (NPDWRs) at 40 C.F.R. §§ 141.23(d), 141.21, 141.201, 141.31(b), 141.21(g)(2) for: failure to monitor for nitrate; failure to monitor for total coliform bacteria; failure to provide public notice of the violations; failure to report NPDWR violations to EPA within 48 hours; and failure to report total coliform monitoring violations to EPA within 10 days of discovering the violation.

If you comply with the enclosed Order for a period of at least twelve months, EPA may choose to close the Order. Violating the enclosed Order may lead to (1) a penalty of up to \$27,500 per day of violation of the Order, (2) a separate such penalty for violating the regulations themselves, and/or (3) a court injunction ordering you to comply.
